This annual compilation is a reference guide containing elder abuse, neglect and exploitation research that was published during the 2017-2018 calendar year of the NCEA grant.

The themes and topics that were prominent in research this year include but are not limited to the following, which have been grouped into several categories: (1) financial, physical, psychological, sexual abuse and neglect, (2) self-neglect, (3) women and abuse, (4) long-term care issues, (5) detection, (6) policy and intervention, (7) miscellaneous reviews, and (8) miscellaneous studies.

We kindly ask that you please direct any questions about the research presented in this publication to the researchers who authored the studies.
